Composting Basics

(Preregistration required 360-740-1216)

April 5, 2018; 6 - 8 P.M.

Salkum Timberland Library,
2480 US Hwy 12, Salkum

Want to learn how to compost successfully? Composting is part art & part science, kind of like baking a cake. Join us as we demystify that process and help you get started producing good quality compost for your garden and landscape.

Know Your Soils

(Registration in advance is **REQUIRED** to have time to collect your soil sample: Call 360-740-1216)

April 12, 2018; 6 - 8 PM

Salkum Timberland Library
2480 US Hwy 12, Salkum

Want to grow better plants? Learn to understand your soil. Collect & bring in a sample of your own soil and learn how to test for pH, Nitrogen, Phosphorus & Potassium.

Growing Vegetables in Containers

April 14, 2018; 10 - 11 AM

Salkum Timberland Library
2480 US Hwy 12, Salkum

Wanting to Garden but,
No Yard!
No Room!
No Worries!

Learn how to raise vegetables in containers!

Beneficial Flowers; More than a Pretty Face

April 28, 2018; 10 - 11 AM

Salkum Timberland Library
2480 US Hwy 12, Salkum

Find out about flowers that do double duty in your garden--pretty to look at, but also tasty in your salads, companions for other plants, attractive to helpful bugs, pollinators, butterflies, and birds.
