11 Nov 2017; 10 A.M.

Borst Demonstration Garden, Centralia, WA

**Dahlias provide much needed color to late summer & early fall gardens. Knowing how to lift them in the fall to protect them from cold, wet weather will result in healthier tubers & with proper dividing techniques they will multiply each year to provide many more plants the following spring. This is a free, hands-on demonstration provided by the WSU Lewis County Master Gardeners.**
